

# CONSTRUCTION NOTICE UPDATE

JANUARY 2024 – Q1 2025

## SE Substation Safety Enhancement Project – Douglasdale & Diamond Cove

### Project map:

(The work areas indicated below are approximate and not to scale)

### Project details:

Reference: 21453233

#### Locations:

This work will occur north of the Substation No. 32, adjacent to the city-owned Bow River Pathway.

#### Dates:

Construction work is scheduled to begin **January 4, 2024**.

#### Duration:

We estimate that this project will take fifteen (15) months.

#### Work times:

Weekdays, 6:30 a.m. – 5:30 p.m. Weekend work may be required.

### What's happening?

As part of **Southeast Substation Safety Enhancement Project** and flood mitigation work, ENMAX Power will be constructing a new switchgear building within Substation No. 32. We understand that this work may create some inconveniences, and we thank you for your understanding and cooperation as we deliver on our commitment to provide reliable power to all Calgarians.

# CONSTRUCTION NOTICE UPDATE

JANUARY 2024 – Q1 2025

## SE Substation Safety Enhancement Project – Douglasdale & Diamond Cove

### What to expect:

We make every effort to minimize the effect our work has on daily activities, and we follow all applicable standards and bylaws. Below are the things to be aware of related to this project.

#### During construction:

- ENMAX Power and contractor vehicles, personnel, hydrovac trucks and associated utility equipment will be on site.
- Construction barricades and/or safety fencing.
- Traffic and pedestrian detours and signage.
- Noise and/or minor vibrations during construction.

#### Power outages:

- A power outage will not be required for this project.

#### Road closures, detours, parking, and access:

- **Pedestrian and bike path will remain open along the Bow River Pathway east of the Substation No. 32.**
- Increased vehicle traffic along Douglasdale Boulevard SE, Douglasbank Drive SE, and Douglasbank Way SE.

#### After construction:

- Concrete pouring and pavement backfilling will occur once work is complete (weather permitting and as required).
- Common area greenspaces will be repaired with grass seed and loam once work is complete (weather permitting and as required).

**As subsequent phases of construction work are required for this project, you will receive advance notification with additional project details.**

### We're here to help.

If you have any questions about this project, please contact Terral on the Customer Relations Team:

403-909-7982 | [powercustomerrelations@enmax.com](mailto:powercustomerrelations@enmax.com) | [enmax.com/projects](https://enmax.com/projects)

Alternatively, the Customer Relations Team can be reached at 403-514-3990 (Monday through Friday, 8AM-4PM).

**\*The Customer Relations Team will be unavailable during the holidays from December 25, 2023, until January 2, 2024\*\***

For your safety, as well as the safety of our crews or team members, please do not approach the work site with questions and concerns.
