

ENMAX 2025 Sustainability Report Highlights

ENMAX provides electricity services, products and solutions. We are headquartered in Calgary, with operations across Alberta and Maine.

Through our companies, ENMAX Power and Versant Power, we own, operate and maintain transmission and distribution lines that safely and reliably deliver electricity to homes and businesses in Calgary and in northern and eastern Maine. Through ENMAX Energy, we generate power and offer electricity and natural gas options to residential, commercial and industrial customers across Alberta. ENMAX is a private company, and The City of Calgary is our sole shareholder.

We are proud of our achievements in environmental, social and governance practices and performance. Below is a selection of highlights from our 2025 Sustainability Report that demonstrate our ongoing commitment and responsibility to deliver safe, reliable and affordable electricity today, while preparing our system for the demands of tomorrow.
